OBJECTIVE

To work as an Intern or Junior Developer in the Technology field, applying and expanding my software development knowledge. I aim to contribute to innovative projects while enhancing my technical and professional skills in a continuous learning environment.

ABOUT ME

I am a professional in training, 18 years old, and currently pursuing a degree in Systems Analysis and Development at FIAP. For the past 11 months, I have been working at MRM McCann Worldgroup, where I contribute to full stack projects in agile teams. I hold an advanced English certification from Wizard by Pearson, which enhances my communication skills in international projects. I am driven by continuous learning and the pursuit of innovative solutions.

TECHNICAL SKILLS:
• **Frontend:** HTML, CSS (SCSS, Tailwind CSS), JavaScript, TypeScript, React, Next.js, React Native
• **Backend:** Node.js, Java, Python, SQL, C#, Strapi
• **Cloud:** AWS, Azure
• **Tools:** Git, Github, BitBucket, Jira, Trello, Microsoft Office (Excel, PowerPoint, Word)

BEHAVIORAL SKILLS:
• Effective communication
• Teamwork
• Proactivity
• Resilience
• Organization

ACADEMIC BACKGROUND

FIAP — São Paulo, SP
Technologist in Systems Analysis and Development
02/2024 — 12/2025 (Ongoing)
Wizard by Pearson — São Paulo, SP
English as a Second Language
01/2017 — 12/2022 (Completed)

ACADEMIC EXPERIENCE

EcoSmart Project (Global Solution - FIAP)
Technologies: Next.js, Tailwind CSS, TypeScript
I developed a platform that simulates savings with solar energy, also showing the positive environmental impact. The system provides personalized estimates based on the user's energy consumption and location.
Link: global-solution-s2.vercel.app

OceanGuard Project (Global Solution - FIAP)
Technologies: React, TypeScript
I contributed to the development of a device that monitors water quality in real time, focused on marine life preservation. Measures temperature, pH, and water level.

PROFESSIONAL EXPERIENCE

MRM McCann Worldgroup — São Paulo, SP
Software Development Intern
06/2024 — Present (11 months)
- Participated in full stack development projects for major clients such as Mastercard, GM, Diageo, and Leroy Merlin.
- Built responsive interfaces using React, Next.js, and Tailwind CSS.
- Developed and maintained backend systems using Node.js and Python.
- Applied agile methodologies (Scrum/Kanban) for task management and delivery.
- Actively joined technical and planning meetings, contributing to project success.

CERTIFICATIONS

• Java Certification — Alura
• Python Certification — Alura
• Python Certification — DIO
• HTML/CSS Certification — Alura
• JavaScript Certification — Alura
• Excel Certification — Alura and Bradesco
• English Certification — Wizard by Pearson
• Git/Github Certification — Udemy

• Artificial and Computational Intelligence - FIAP
